MOON ALIEN

★ SCORE

The first player's score is displayed on the left top corner, whereas the second player's score is shown on the right top corner. Maximum score is 999,990.

★ HIGH SCORE

The highest score so far attained is displayed at the center of the screen, a goal for every successive player to strive for.

★ NOSTROMO SPACECRAFT STANDING BY

Nostromo Spacecraft standing by for launching are displayed at the lower left corner of the screen. An additional Nostromo is added whenever a predetermined score is attained.

★ CREDITS

Coins can be deposited in bulk, up to a total of nine games. The number of games/credits remaining is shown at the bottom left of the screen.

★ ALIEN SHIPS

Different scores are attained, depending on the circumstances under which the alien ships are shot down in battle.

★ ALIENS

Scores also differ according to the kind of ship shot down. Types of alien spacecraft are distinguished by color.

★ ATTACKING ALIENS

Alien ships drop out of fleet formation to launch their missile.

★ NOSTROMO SPACECRAFT

The Nostromo Spacecraft, launched by the Earth Defense Forces, manoeuvre through the enemy bombardment to destroy alien ships.

★ NUMBER OF CLEARS

The number of clears appears at the bottom right of the screen, indicating clear times. A large screen is displayed for the tenth screen.
